

Important Points to Remember Before Submitting Your Manuscript

- **Preprint Policy:** As per the **MAUSAM Journal policy**, manuscripts that have been **published as preprints are not considered for publication**. Authors should ensure that the submitted manuscript has not appeared as a preprint or been published elsewhere.
- **Mandatory Manuscript Sections:** Follow the prescribed manuscript structure and ensure that the manuscript includes **Author Contributions, Data Availability, Funding (if applicable), Acknowledgements, and the mandatory Author Disclaimer** before submission.
- **Abstract Submission:** The abstract must be **plain text** (maximum **300 words**) and should **not contain special characters** such as %, >, ≤, ±, μ, etc. Use words instead (e.g., *per cent* instead of %, *greater than* instead of >).
- **Complete Co-author Details:** Ensure that the **full name, affiliation, and email address of every co-author** are correctly entered in the manuscript as well as in the **"Add Contributors"** section of the submission portal. Incomplete author information is one of the most common reasons for delays. *(Please refer to the screenshot below while submitting.)*
